Logo / Wiper / Indoor

23 colors available with up to 6 colors per mat

* Not for use as background

CompuTuft logo mats are created using Masterweave™ technology, a computerized tufting process that weaves the design into the carpet surface. CompuTuft mats offer superior color-fastness and wash-fastness compared to printed logo mats.

- **Plush & Resilient** – High-twist, heat set nylon resists crushing, traps dust and dirt, and extends the useful life of the mat
- **Fade Resistant** – Solution-dyed nylon won't fade in sunlight or with repeated washing
- **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)
- 23 color options available with up to 6 colors per mat; available in standard 26-ounce yarn or high-resolution 32-ounce yarn
- Available with choice of SBR (48 mil) or nitrile rubber (52 mil, 65 mil, 90 mil) and smooth, cleated, or suction backing; when backed with nitrile rubber this mat is commercially launderable
