

**LEED DATA**  
**ENTRANCE SYSTEMS**

**Recycled Material**

- Aluminum materials in our entrance systems contain a minimum average of 50% pre-consumer recycled material.
- Our santoprene and poly in the hinge of our rubber hinged mats contains an average of 80% pre-consumer recycled material.
- There is an average of 30% pre-consumer recycled material in all of our vinyl fillers, vinyl frames, and vinyl inserts.
- Our abrasive brush and carpet inserts contain 50% pre-consumer recycled material for the backing of the insert.
- There is not any post consumer recycled material in our products.
- All Reese roll-up mats and grates comply with EQ credit #5.
